

Protecting God's Children

This program is designed to help us recognize and prevent abuse situations, and to let us know how to handle the issues when they arise.

It is mandated by the Archdiocese of St. Louis that anyone working with or around children has taken this course, signed a Code of Ethical Conduct, and submitted a background check through the Family Care Registry.

All parents are encouraged to participate in this class so that they have an awareness of the possible and the confidence to know that they are doing the right things for their own children.

Our facilitator is Lt. Ray Nabzdyk, a parishioner and member of the Ferguson Police Department. He brings his expertise and practical knowledge of these cases to meet the theory that is presented.

There are no fees but we do need to know how many people are coming to prepare materials. Please call the Religious Education Center to register for this class at 636-946-6461.
